- |               |                |                   |                  |
|---------------|----------------|-------------------|------------------|
| 1. generalize | 2. generalized | 3. generalization | 4. generalizable |
|---------------|----------------|-------------------|------------------|

Read the following passage and answer the questions that follow it.

Passage I. Efforts of the International Olympic Committee to limit drug abuse have often been frustrated by national olympic committees determined upon sports victories at any cost. Efforts to control drug abuse in professional sports and in intercollegiate athletics have frequently been countered by the athletes' concerns regarding personal privacy. Nevertheless, in the United States, codes of varying strictness have been imposed in different sports, part of which includes therequirement of periodic testing for drug use. Olympic athletes now undergo testing prior to participation.

21-What is the best title for the above passage?

- |                                    |                               |
|------------------------------------|-------------------------------|
| 1. International Olympic Committee | 2. Drug abuse                 |
| 3. Olympic athletes                | 4. National olympic committee |
