| 20-The state of being very ti | red is called | | | | | |
| 1. aggressiveness | 2. scuffle | 3. exhaustion | 4. hiking | | | |
| Passage I. Read the following passage and then answer questions 21 to 26. Physical education in the elementary school emphasizes the evaluation of basic movements. It includes a schedule of activities for improving physical coordination and development. The programs are designed to allow each child to progress <u>individually</u> and to provide the maximum activity <u>that</u> will encourage self-expression and creativity. Rhythmic exercises and informal games <u>make up</u> an important part of such programs. | | | | | | |
| Physical education begins as soon as the child starts to explore the environment and learns to deal with <u>it</u> to satisfy physical and psychological needs. Much research has been <u>conducted</u> to determine what normal development should be and what kind of treatment is most effective in helping those that do not <u>achieve</u> this rate of progress. | | | | | | |
| 21-What is the meaning of "individually"? | | | | | | |
| 1. friendly | 2. especially | 3. personally | 4. separately | | | |
| 22-"make up" in the last line of the first paragraph means | | | | | | |
| 1. have | 2. take | 3. form | 4. use | | | |
